OFFICIAL VISITS
Ten Rules to Remember

1. **ELIGIBILITY**
   High school prospects must submit all transcripts, register with the Eligibility Center, and be placed on ASU’s request list. Transfers must submit college transcripts.

2. **48 HOURS**
   Official visits cannot last longer than 48 hours. The 48 hours begin when prospects arrive on campus or receive entertainment.

3. **TRYOUTS**
   Prospects may not participate in recreational activities organized or supervised by staff members. But basketball prospects may participate in on-campus evaluations (subject to time restrictions) approved by the Compliance Office.

4. **STUDENT HOSTS**
   Student hosts may receive $75 each day for entertainment for prospects and their families. The host money must be used for all entertainment expenses.

5. **COMP ADMISSIONS**
   Prospects are allowed up to six complimentary admissions via pass lists to regular season, home athletics events.

6. **MEALS**
   All sports may provide three meals each day to prospects and up to four of their family members.

7. **CASH**
   Prospects may never receive cash from student hosts, staff members, or boosters.

8. **AUTOMOBILES**
   Neither prospects nor hosts may be provided the use of automobiles.

9. **AIRFARE**
   As long as tickets are considered coach class, prospects may take advantage of enhanced seating (e.g., additional leg room, exit row) options for their flights.

10. **BOOSTER CONTACTS**
    Boosters cannot have contact with prospects during official visits unless the prospects have signed NLIs with ASU. But former SDA student-athletes (who are boosters) may have on-campus contact with prospects.
IN THE NEWS
THE UNIVERSITY OF NORTH CAROLINA

The University of North Carolina recently self-reported violations relating to student-athletes selling their team-issued shoes and apparel. Specifically, thirteen football student-athletes were issued suspensions during the 2018 season for selling team-issued, limited edition Jordan shoes. For more information please read this article. Please remember that student-athletes (and their friends/family) are not permitted to sell or trade their adidas apparel or gear for anything of value.

NOTIFICATION OF INTENT TO TRANSFER PORTAL

On October 15, the new notification of intent to transfer legislation begins. Coaches and staff who have access to the new NCAA transfer portal will be able to view which student-athletes from other NCAA Division I and II institutions can be contacted. The Compliance Office must create the coach and staff accounts to gain access to the system, so each sport should provide the Compliance Office with the staff member names who will have access. A helpful resource guide on how to use the application is available here. And the Compliance Office will provide more details in the near future.

FANTASY FOOTBALL

Participating in fantasy football leagues, including daily fantasy leagues, is a form of gambling under NCAA legislation if there are entry fees. So participation in fantasy leagues with entry fees by coaches, staff, and student-athletes is prohibited. But participation in leagues with no entry fees for all participants is permissible.

SPOT THE VIOLATION

Arya Stark is scheduled to take an official visit to the University of Argon. She is flying from North Carolina and arriving at 6:45 pm Saturday. The coach decides to start her visit at 9:15 am Sunday. On the way to the hotel after she arrives in Argon, she tells the coach she is starving and would like to have dinner. The coach plans to drive thru In-N-Out, but decides they should go in and sit down because the meal will be quick. The next morning at 9:15 am, the coach picks her up from the hotel and takes her to campus. On Tuesday morning at 9:15 am, she boards the plane to go home.
AWAY-FROM-HOME COMPETITION MEALS

Coaches and staff may choose between three options when providing meals to student-athletes in connection with away games.

**OPTION 1: ALL MEALS**
SDA pays for all meals during trip (but no per diem).
- There is no limit on the number of meals provided during the trip.
- Student-athletes may receive $15 (or a final meal) when they are released at the end of the trip.

**OPTION 2: PER DIEM**
SDA pays the cash equivalent for meals ($7, $8, and $15 for breakfast, lunch, and dinner, respectively).
- There is a limit on the number of meals where expenses can be provided – three per day plus a pre- or post-game meal. Student-athletes may be given $15 instead of the post-game meal.
- Actual meals can be provided if the values of those meals are subtracted from the student-athlete’s per diem allowance or they satisfy the meal incidental to participation (MIP) requirements (see example below).

**OPTION 3: MIX OF PER DIEM AND MEALS ON DIFFERENT DAYS**
NCAA legislation allows SDA to switch between the all meals option on one day and the per diem option on a different day.
- This new rule helps institutions avoid concerns with providing extra benefits as long as no per diem is issued on a day when the unlimited meal option is used.
- Please properly document with the business office which option is selected each day.

**MIP EXAMPLE**
A team has two competitions in one day and the last competition ends at 5:00 pm. The team goes to dinner at 6:00 pm. The student-athletes could receive a fourth meal as an MIP at 10:00 pm.

There is a violation of the 48-hour rule. The University of Argon would not be permitted to provide return transportation to the prospect because the 48-hour window started when the prospect and coach stopped at In-N-Out for a meal instead of using the drive-through. So the visit should have ended by 6:45 pm Monday night. To help prevent any potential violations, please work with Susanna in the Compliance Office relating to any issues of the official visit, 48-hour rule ahead of time.
